SENIOR CLASS
OF 1918
CENTRAL CATHOLIC HIGH
TOLEDO, OHIO

Volume 28

Memories

Happy hours spent with friends are often recaptured within the covers of a memory book. In this annual, we have endeavored to record and present to you, the students of Central, some memories of the Administration, Classes, Organizations, and Sports as we have witnessed them during the past year. May these pages occasion many enjoyable hours of reminiscence and remain ever "among your souvenirs."

Top: Very Rev. R. Maher '23, Director, Catholic Hospitals; Hon. Michael V. DiSalle '25, Mayor of Toledo
Center: Mr. P. McCarty '34, Central's head coach; Sr. M. Coronata '31, History teacher at Central
Bottom: Sr. Eileen Otting '43, R.N., Toledo Grey Nuns; Miss Barbara Szaradowski '41, R.N., Mercy Hospital, Toledo; Dr. James Blanchard '41, Intern, Mercy Hospital, Toledo

Memories — Dedication

Memory recalls the many young men and women who, during the past thirty years, have left the portals of Central to take their places in the world. Into the professional fields, the religious life, they have carried the principles of Catholicism and Americanism — and the home, they have established within the walls of their Alma Mater. Continuously and inconspicuously — they are proving themselves loyal sons and daughters. To them — the Alumni of Central Catholic High — we dedicate the 1948 Centripetal.

THE MOST REVEREND KARL J. ALTER, D.D., LL. D.
Bishop of Toledo

Memories

"THE FEAST OF CHRIST THE KING"

The morning Bishop Alter said Mass and addressed the seniors in our chapel.

BISHOP ALTER

Father Harrington

Memories

"WHEN YOU STAYED HOME"

The day Father Harrington called home about the unexcused absence.

THE REVEREND JOHN L. HARRINGTON, A.M., S.T.D.
Principal of Central

Rev. J. D. Shenk, A.M., B.S.E.
Assistant Principal

Memories

"THE CARD ON FILE"

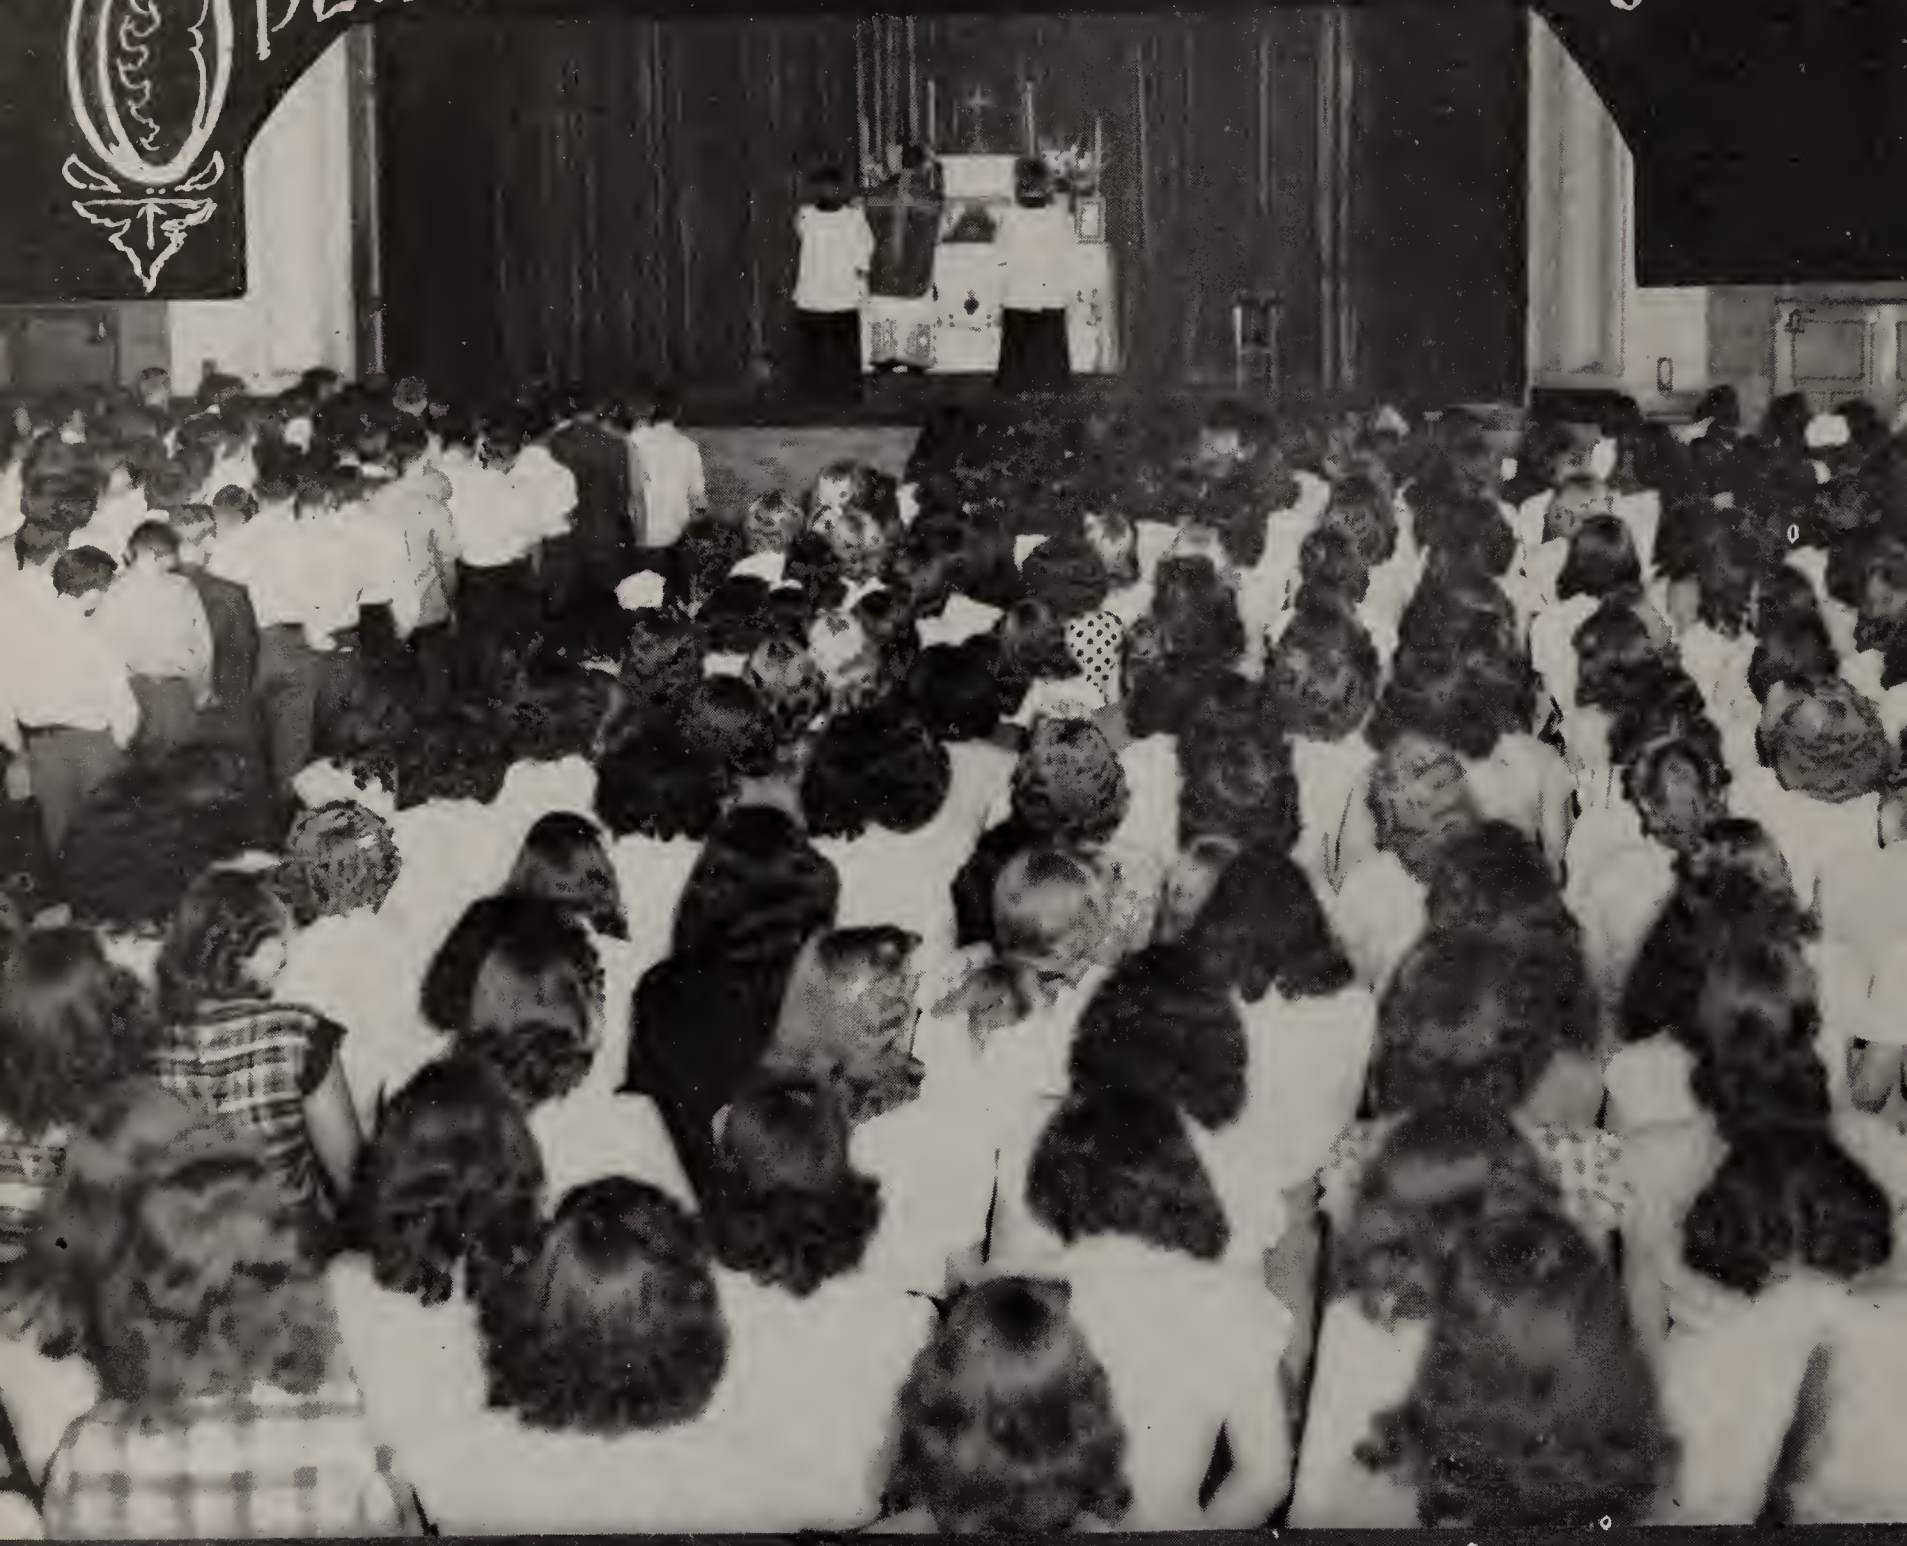
The time Father Shenk checked your permanent record card for those twenty demerits.

FATHER SHENK

Memories of Administration

On that first day of school the varied religious habits bewildered you. "Who's she?" "To what religious order does she belong?" raced through your mind. A few days in the classrooms and corridors acquainted you with the various orders. A short year enabled you to know them as individual teachers — men and women, who by word and example, prepared you to face, unafraid, the problems of life.

Opening Days — Holy Mass



"Books please?"

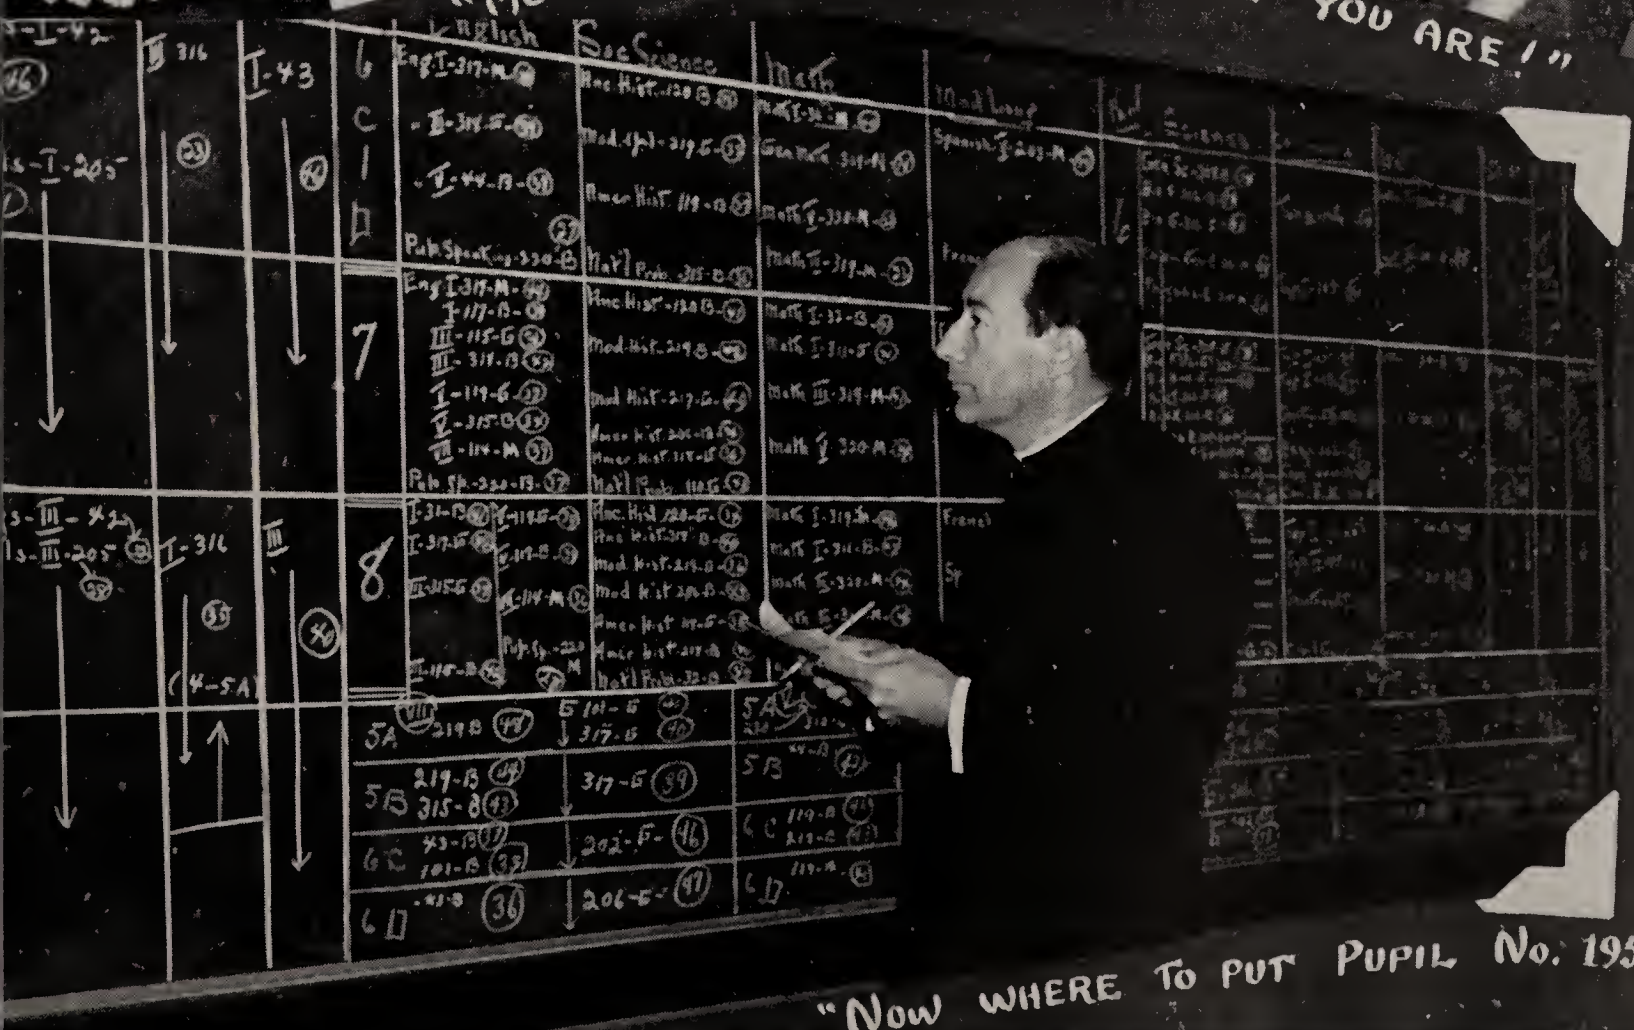
"...then turn right."

"NAME.....? ADDRESS..
SUBJECTS....?

"WELCOME....
to CCHS.

"MEET YOUR TEACHER?"

"HERE YOU ARE!"



"NOW WHERE TO PUT PUPIL No. 1957....?"

Religion

Religion

A new course of study in religion, that is most comprehensive, is being introduced this year. It is based on the important doctrines of Christianity as found in the Scriptures and the Apostles Creed. The rest of our holy religion has been woven into this plan: liturgy, Church history, and apologetics. The senior year prepares the student for his entry into the world with particular stress placed on vocation and purpose in life. Such a course is a great advantage in the formation of the true Catholic who not only knows his faith, but also lives it.

English

The English department provides instruction in the language arts: speaking, writing, reading, and listening. The curriculum in English covers all aspects of functional English and is so integrated as to be interesting and meaningful to the student.

In order to achieve correctness and effectiveness in speech and writing, life situations in the school, the home, and the community furnish the motive for composition activity.

O.S.U. (M.A.)
Religion, English

The four year course in literature is permeated with the Catholic view of life and the world. The entire field of American and English literature is covered with special emphasis on the Catholic contribution to the language. These aspects of the Catholic way of life are designed to develop good literary taste and sound Catholic belief and conduct.

Courses in journalism and speech are offered in the senior year.

Rev. J. Woods
O.S.F.S. (A.B.,S.T.L.)
Religion, Public Speaking

Miss E. Schultz

English, Public Speaking

Spanish

Sister M. Carmelita
O.S.F. (A.B.)
Religion, Spanish

To develop the students' ability to speak and write Spanish is the aim of the Spanish department. This is accomplished by stressing work in pronunciation, grammar, reading, and conversation.

Spanish has great practical value since it develops a knowledge of the language which today takes on new importance because of our Latin American relationships. The course definitely strives to stimulate a lively interest in the "Good Neighbor Policy" and to teach an appreciation of our neighbors to the south through a study of Latin America and its people.

Sister M. Concilia
O.S.F. (B.A.)
Religion, Spanish

Sister M. Roselma
O.S.F. (M.A.)
Religion, French

French

Education in French is a power-point for developing Christians. No text book course—this. It reaches out to study French in all its aspects: race, family, history, education, and politics. A study of the cultural contributions of France is presented with a view to stimulate a deeper appreciation of the radiance and rich influence upon civilization. To render it more interesting this department has a film-strip library, a large record collection and a classroom library of over a hundred books (fiction, biography, and travel), which treat of French characteristics. In future years when students have forgotten tenses of irregular verbs there will still remain in them a deep social-mindedness rooted in French Christian convictions.

German

The interest in the study of the German language has not diminished because of the world's contempt for the arrogance of the former rulers of Germany. Besides learning to read, write, and speak the language, the students study the geography of the country, her interesting historical places, industries, natural resources, and forms of entertainment. Old customs, legends, and scientists are engrossing subjects. Since music is basic in the German temperament, German songs and rollicking folk tunes may often be heard emanating from the German room.

Rev. J. McGowan
(M.A.)
Religion, Latin

Latin

For the student who is seriously thinking of a certain specific career or vocation, the sublime calling of the holy priesthood, a religious vocation, a medical career, nursing, teaching, law, or some professional avocation, Latin is essential. Then, too, when the student studies the language of the Romans he is at the same time studying his own language, for hundreds of Latin words, unchanged in spelling or meaning, compose part of the English vocabulary framework.

With these two objectives completed the well versed Latin student finds himself capable of pursuing his ideal career.

Library

Sister M. Fabian
O.S.U. (B.S.E.)
Assistant Librarian

The school library is a large room equipped, not only with standard library furniture, but with splendid books, good magazines, a pamphlet file covering topics of religion, national problems, and other timely subjects.

Through the unabridged Wilson indexes, the Catholic Periodical Index, the Card Catalog, and a file of one hundred and fifty magazines, some of which date back to 1935, the upperclassmen have ample opportunity to do a maximum of research in their own library.

Instructions on "how to use the library" are given each fall to all students at Central. Book and magazine talks, exhibits, and individual guidance are also offered.

History

A well developed social studies program is needed today to meet the challenge of the pagan world. Courses in ancient, medieval, modern, and American history present the study of past human greatness and man's service to God and to his fellow men. They enable us to acquire, as well as to vindicate, the part Divine Providence plays in the agency of secondary and spiritual causes.

This study of human culture presents the origin of many important elements of present-day civilization inherited from past-ages and emphasizes the contributions the Church made to it. It also aims to produce students worthy of the "City of God" and qualified to be citizens of the United States.

Sister M. Hilda
S.N.D. (M.A.)
Art

Girls' Art

The girls' art department offers a variety of courses which aim to develop in the student appreciation for the beautiful and the power to produce beautiful things.

Work in designing and interior decorating, free hand drawing, color theory, lettering, art of modeling, application of theatrical makeup, poster work, pen and ink sketching, dress designing, and clay modeling are offered to the students in this course.

The stage settings for "Our Hearts Were Young and Gay," and "Firefly" were painted by the girls in this class.

Boys' Art

In room 42, the boys' art department, sketching and oil and water color technique, learned in the freshman year, are applied in the junior and senior years to posters and illustrations for the commercial field. Beyond this theoretical background since art is also the right making of things, finished problems are carried out in ceramics, wood carving, metal-craft, model-building, and leather-crafts.

An interesting project this year consisted of an unusual set of stations worked out in symbols. These emblems were done in clay, fired, and super-imposed on wooden crosses.

Mathematics

Students enrolling at Central Catholic High as freshmen find on their schedule, among other subjects, freshman algebra or general mathematics. As the freshmen become orientated in their mathematics classes they begin to see why they are studying mathematics. Habits such as neatness, patience, careful and discriminate thinking, formation of correct judgments, accuracy, honesty, and perseverance are the worthwhile goals set before the trainees. Students learn from classroom experiences that achievements in mathematics are satisfying, but they also discover that outcomes which cannot be measured by tests are even more important. Attitudes, habits, skills, and appreciations are developed.

Students who pursue the study of mathematics during their four years of high school can't help but appreciate the beauty of truth, especially the eternal and unchangeable Truth, God. They ought to be able to think things out for themselves and get correct solutions to the complex life problems—they received adequate training in the techniques of good thinking. They should be able to appreciate what mathematics has done for mankind—history of mathematics is not slighted in the study of mathematics at Central.

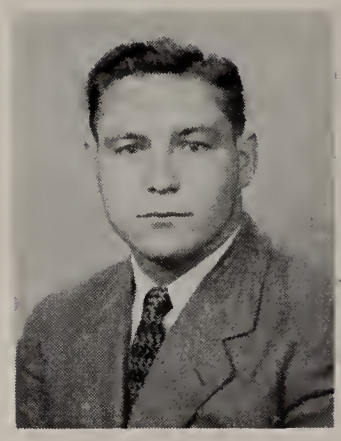
Sister M. Marcelline
O.S.F. (B.S.E.)
Biology

Biology

Sister M. Perpetua
O.S.F. (M.S.)
Religion, Biology

Biology offers to the Catholic student a new realm of interest with tools and point of view all his own. Fundamental facts about living things are studied, showing interrelationship between plants and animals and their common service to man. Stress is placed on the fact that God created everything for the use of man to assist him in working out his eternal destiny, the salvation of his soul.

Physiology



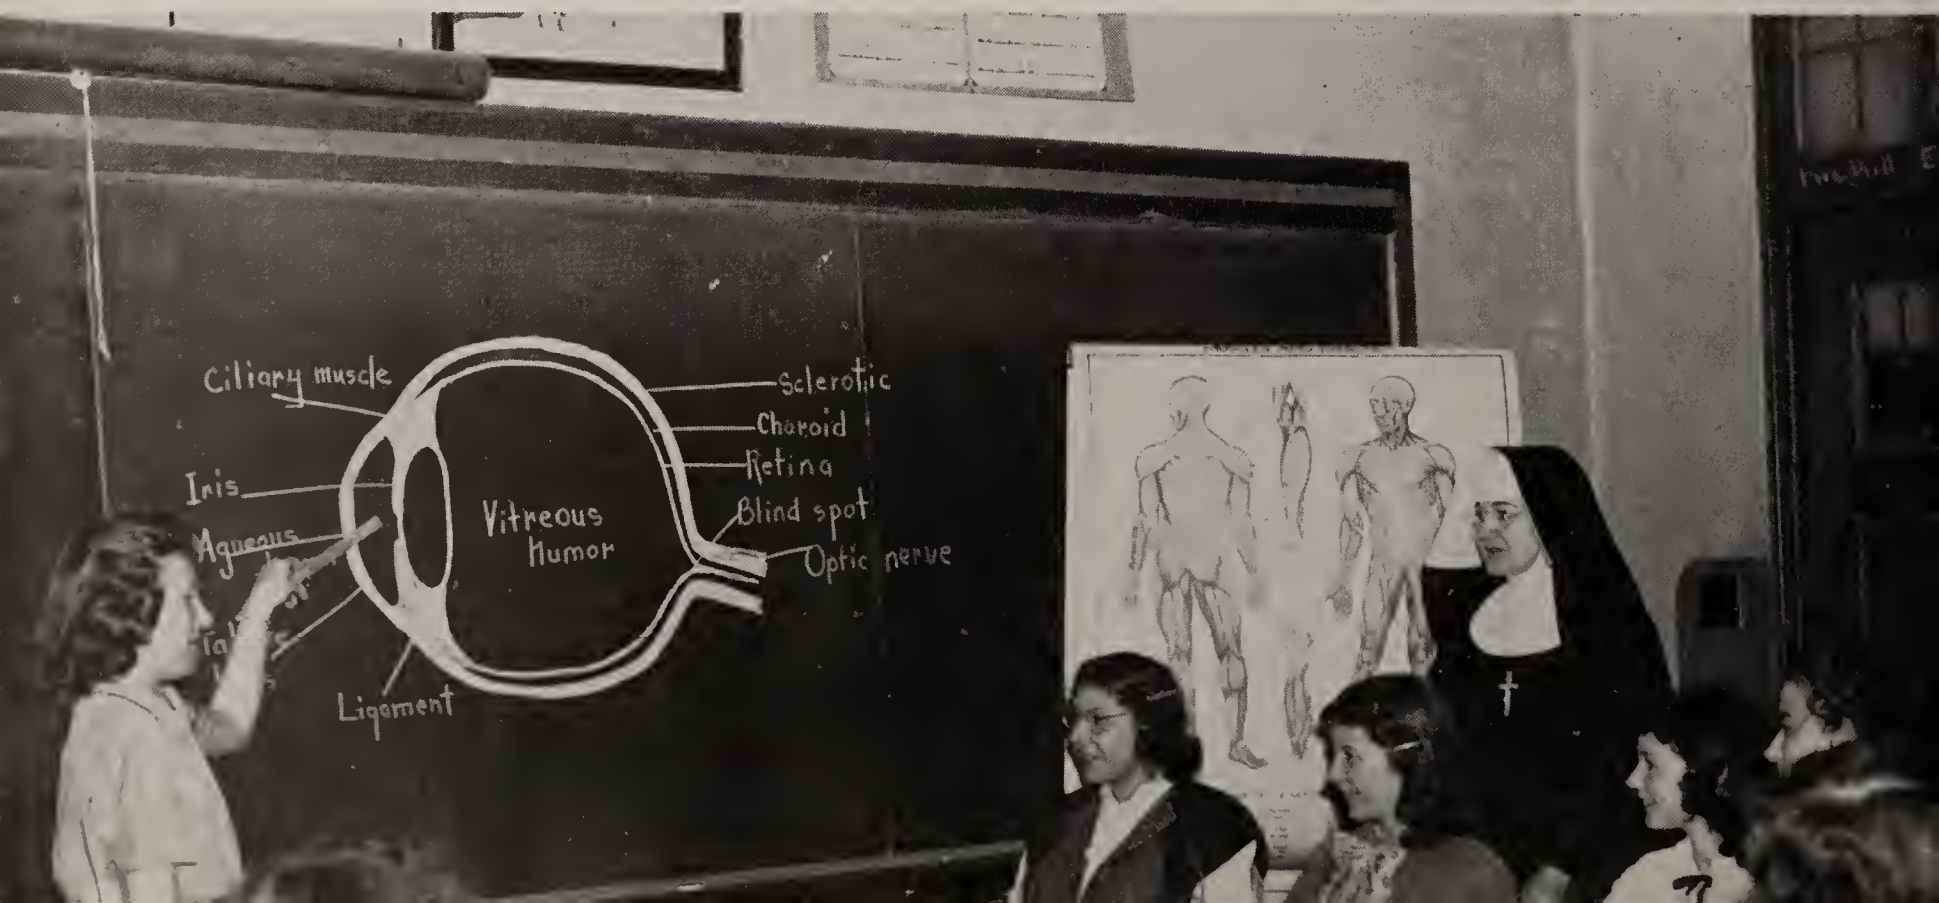
Mr. W. Zach
(B.S.E.)
Art, Physiology

In the physiology classes students are led to realize that they are the builders of their own physique. They are given valuable information on the intelligent care of the body.

The course is open to all students. Those who intend to study medicine, hope to enroll in a nurses' training school, or work towards a degree in dietetics or home economics will find this course especially helpful as a preparation for their future work.

General Science

The general science course offers the student a simple approach to the wonders of everyday living. Through observation and some experiment, the student learns to value more the air he breathes, the food and water he consumes, the earth he walks on, the heavens he dwells under, the ever fascinating plants and animals that surround him, and the heat, light, electricity, and machinery that fill his world. General science is a fair preview of, and an excellent preparation for any of the laboratory sciences.



Physics

Mr. V. C. Fischer
(B.E.E., B.S.E.)
Physics

Physics, the study of natural philosophy, emphasizes those laws which were instilled into this universe at creation. The student learns that although he might be harmed by the physical laws, they exist for his benefit and without many of them he could not live on this earth.

The amateur physicist learns the fundamental properties of mechanics, magnetism, electricity, sound, heat, color and light. He utilizes, in this subject, his knowledge of mathematics in the derivation and application of formulae.

Sister M. de Chantel
O.S.F. (B.A.)
Physics

Sister M. Patricia
O.S.F. (M.S.)
Chemistry

Chemistry

The primary purpose of the study of chemistry is to teach the scientific method; that is, the appeal to experiment. Thus the students are led to the humble acknowledgment of the omnipotence of the Author of nature's laws, the secrets of which man has been permitted gradually to discover. The second aim is to acquire a body of information about the preparation, properties, and uses of chemicals which are vital to our modern life. Such information should help students to live and act more intelligently and with greater understanding in our increasingly complex civilization. Then they should be equipped to use scientific discoveries for the betterment of mankind.

Rev. G. Dunne
(M.A., Litt. D.)
Religion, Drafting

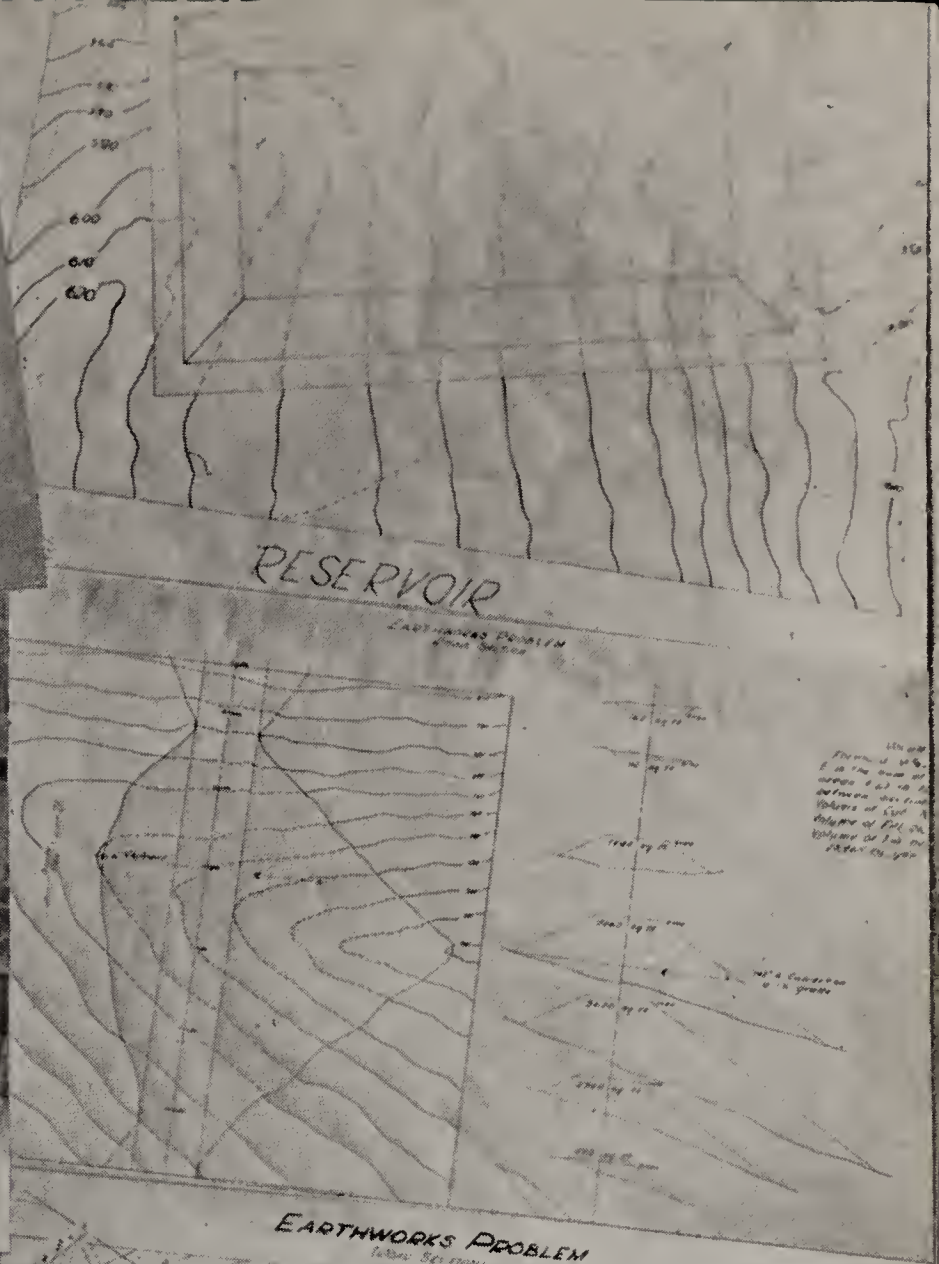
Drafting Department

Engineers, architects, and surveyors of the future emanate from the drafting department of Central Catholic High School.

During his freshman year, the student learns orthographic projection, surface development, and perspective, all of which include the application of descriptive geometry.

Machine detailing, gearing, and cam design, together with the principle of the slide rule become the more important studies of the sophomore.

After intensive practice in the application of these fundamentals,



the junior draftsman is equipped with the knowledge and ability to make detail and assembly drawings of a large mechanical project. This year the junior project is a gasoline-driven, double action, water pump.

Throughout his final year at Central, the senior draftsman applies his knowledge of trigonometry to the study of civil surveying. From data obtained in the field, he must compute the required distances, areas, or volumes, and draw his problem to scale.

For the last twenty-five years, our drafting department has been offering to the drafting student numerous advantages unsurpassed by any other high school in the country.

Rev. A. Schmit
(B.A.)
Religion, Drafting

Sister M. Victoria
O.S.U. (B.S.)
Home Economics

Home Economics

This department now offers a major in home economics. In the food laboratory the third year group studies about and prepares food for special occasions.

In clothing, the student learns "to see herself as others see her." The "point of view" and "seeing with your mind not your eyes" are oft repeated slogans which guide her along the highway of style, not fashion.

Child care, with emphasis on the preventing of undesirable habits in the infants' first year, helps to prepare the student for a happy family home.

The future homemaker is taught to take a vital interest in community affairs. By directed conversation with her father she learns about his worth and his hobbies.

All these help her to find the secret of giving herself away which is the Christian way of life as taught by our Master when He walked on this earth and lived in His home at Nazareth.

Commercial

In the commercial department the student is prepared to take his place in the business world.

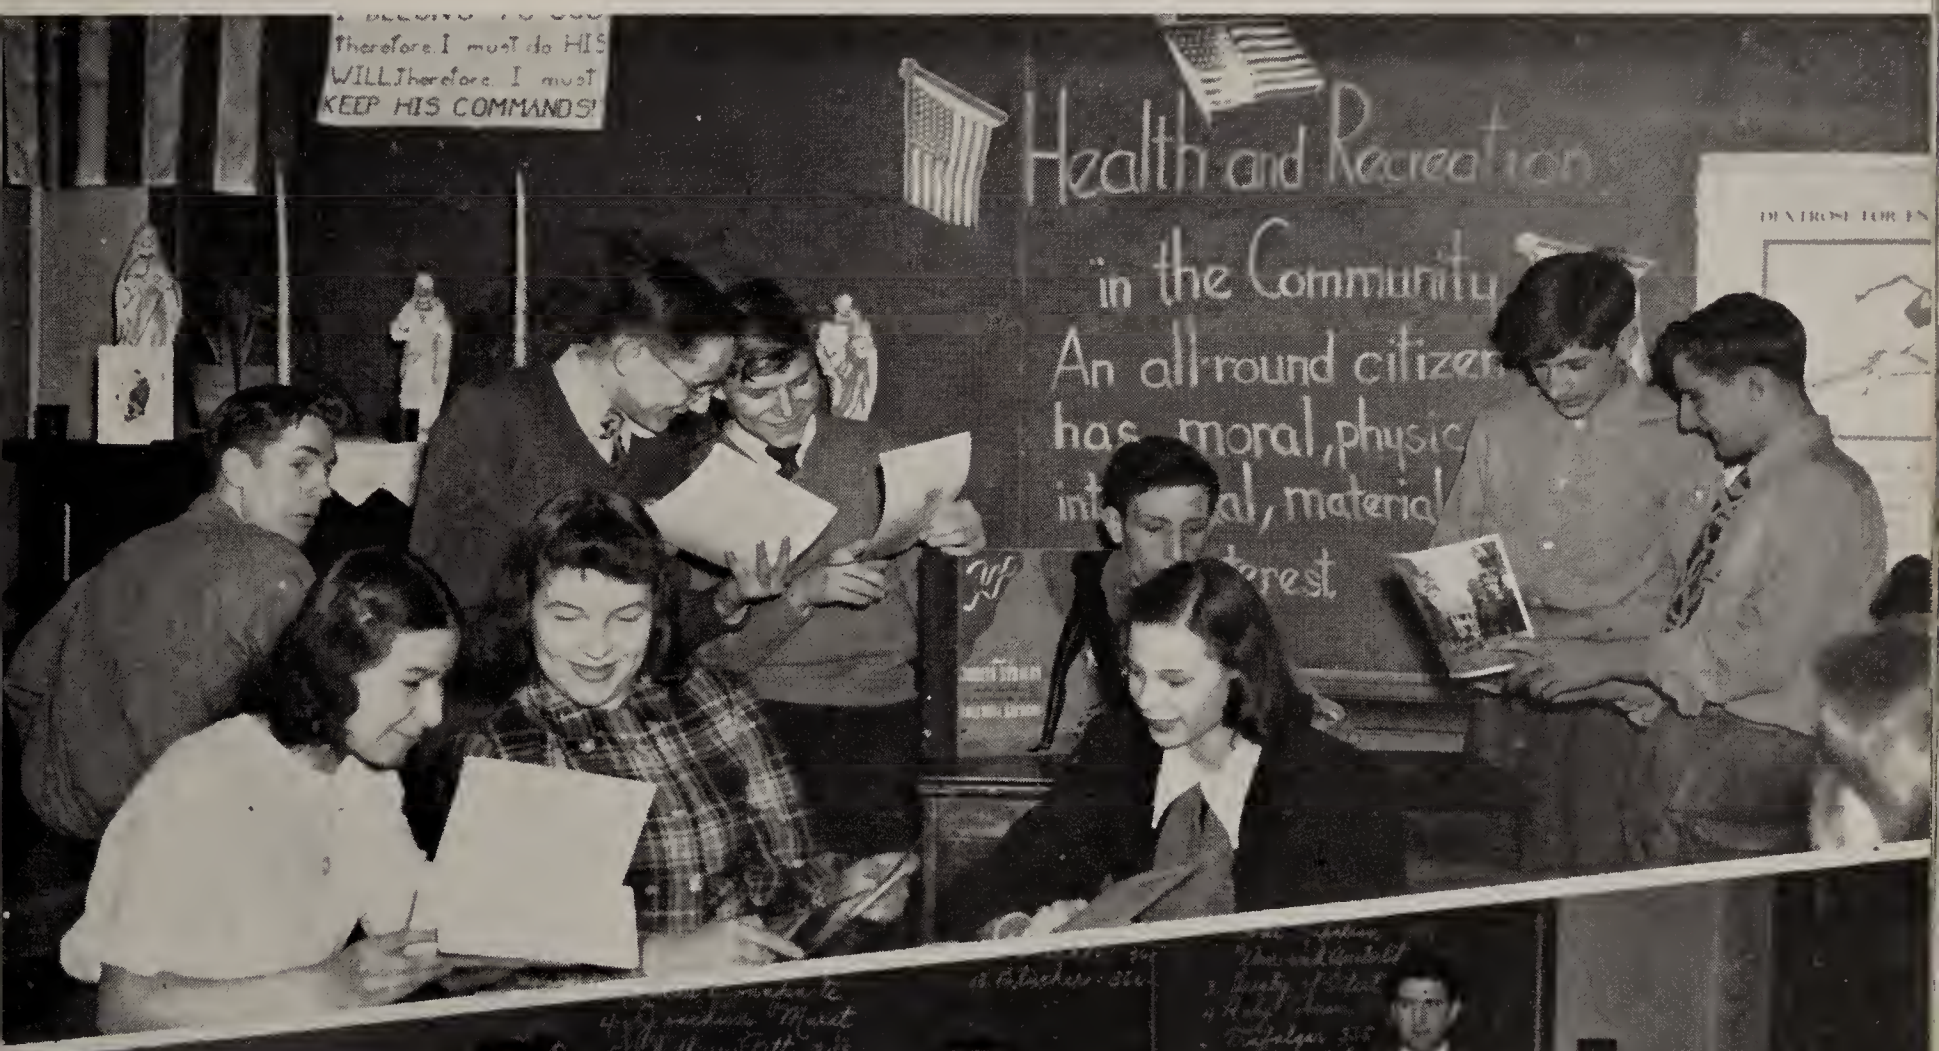
Office practice offers methods and skills in handling mail, listing office books, preparing and sending telegrams, radiograms, and cablegrams.

The fundamentals of bookkeeping and accounting, together with the duties required by business, are presented in the bookkeeping class.

In the shorthand course practice in reading shorthand, taking dictation and transcribing notes is stressed. The 100-words transcription tests are frequently given to develop speed and accuracy.

Typing classes are open to all students. The click, click of the machines, in rooms 105 and 107, is proof that speed with accuracy is the keynote of the course.

Economic geography, commercial civics, and commercial law are also taught in this department. Knowledge of the Global World as a whole, current events, world problems and legal situations are presented to the student in order to help him acquire sound social principles and attitudes and to be able to form correct judgments.



We will always remember

The Office Staff

Memories

Classmates

You will never forget the packed streetcars -- the crowded hall-- the tardy slips -- the time you casually walked into the wrong classroom -- and the time you had getting into the right one -- nor the time you just could not make your lock open. Each day brought the same routine of studies but school did not become monotonous -- the four minute intermission between classes -- the half hour lunch period -- the weekly assembly -- were the oases in the desert of class work -- happy events of high school days.

Seniors

Stephen Wilhelm, president; Joanne La Porte, treasurer; Shirley Fair, vice-president; Albert Ball, secretary.

Memories—

Organizations

You became a member of one of the schools' organizations. At the first meeting you realized the importance of this extra-curricular activity in the students' lives. Before you were aware of it you were "educating" your classmates in the intrinsic value of this activity. You and your associates by efficient campaigning made this project a spectacular success. Its memories still impart a spirit of pride and satisfaction.

Spiritual

Apostolic Committee

By encouraging students to share in the primary work of the Apostles (namely the further development of the Catholic Church) the Apostolic Committee aims to develop loyalty and devotion to the Church of Christ.

This organization, composed of representatives from each conference room and other interested students, sponsors the Christmas seal and card drive, the Lenten mission drive, the novena for the Church Unity Octave and spiritual bouquets for the most Rev. Bishop and for our Principal.

St. Hilda Guild

Girls of the Art department, who compose the St. Hilda Guild, have the special duties of laying out vestments for the priest and keeping the altar linens in good condition. They also prepare the altar for Mass and Benediction.

The members of this organization elect their president, together with first and second assistants, from the junior art students at the close of the junior year. Underclassmen are also chosen as representatives for the Guild.

Monthly meetings are held during the junior-senior art periods.

Eucharistic-Marian Committee

The purpose of this committee is to develop in each student a greater love and devotion for Christ and His Blessed Mother. Many spiritual activities are sponsored by the committee, the annual May Convocation, and the recitation of the daily rosary during October and May. Every student who desires may join the committee, in addition one student is chosen as representative from each conference room.

Council

St. John Berchmans Society

The Saint John Berchmans Society, founded November 26, 1936, has as its purpose the promotion of religious vocations among the boys. For those who belong to this organization is reserved the privilege of serving at Mass every morning in the school chapel.

The members participate in the annual May Convocation, the school retreat, and assist at first Friday Benediction.

Literature Committee

Students' interest in good reading is the object of this organization. To carry out its aim the committee compiles lists of all the Catholic books in the library, holds book and pamphlets displays in the school lobby during Catholic Book Week, and prepares material for the student body to use during retreat week.

By these means this organization tends to carry out its main purpose "to spread the Reign of Christ in the Kingdom of Christ through Catholic Literature".

Y. C. S.

The aim of the Young Christian Students, an international organization, is first to sanctify the student himself and second to assist other students in their personal sanctification.

Here at Central the members meet regularly to discuss the problems of life which young people face. Through this medium the students are made aware of the guidance offered by the Catholic school, and acquire a deeper realization of the part the daily Mass, the noon day visits, frequent confession and Benediction of the Most Blessed Sacrament play in their lives.

Student Council

Joanne Dugan, treasurer; Rev. J. D. Shenk, moderator; James Garvin, president; Robert Recker, vice-president; Mary Alice Dugan, secretary

The Student Council is the representative body of the school. The president of each conference room automatically becomes its Student Council representative.

The council's chief duty is to formulate plans for the direction of student policies; to build student ideals and to maintain a unified school spirit. This organization has charge of the student patrol, school dances, and other school activities.

Each student Council member takes a pledge to keep a high scholastic standard, to cooperate in activities, and to behave as an intelligent Catholic student should.

Junior-Senior Prom

At the springtime prom, an activity sponsored by the junior class, both juniors and seniors enjoyed dancing with their classmates in the artistically decorated school hall. The enchantment of the Colonial Mansion lent charm and grace to the ladies and gentlemen who danced the Virginia Reel.

May Convocation Day

This picturesque scene, generally held on the front steps of Central, is a long awaited event of the year. The students, assembled in the form of the Rosary, recite this chaplet of praise to Mary, queen of Heaven, Mary, queen of Central, and Mary, queen of May. An address in honor of our Lady, the Crowning of her beautiful statue followed by Benediction of the most Blessed Sacrament bring this colorful ceremony to a solemn close.

Orchestra

Central's orchestra is one of the major divisions of our music department. Besides playing at the more unusual assemblies in our auditorium, it provides all the accompaniments for the annual operetta and Senior Class Play. In addition to this it lends color and dignity to the commencement exercises.

Band

During football season the band lends that spark to the 'Fighting Irish' spirit which enkindles new enthusiasm in the spectators. Its intricate formations are perfected only after many hours of drill after school.

Besides this the band adds zest to other activities such as assemblies, rallies and special exhibitions, and it participates in the May Convocation.

Glee Club

Throughout the entire year, but especially at Christmas time, the walls of Central echo the harmonious strains of the glee club. Such activities as the Thanksgiving assembly, the football banquet, and the May Convocation will be choice memories because of the glee club's part in them. It meticulously prepares for the dances, solos, and other vocal numbers of its most important production, the operetta.

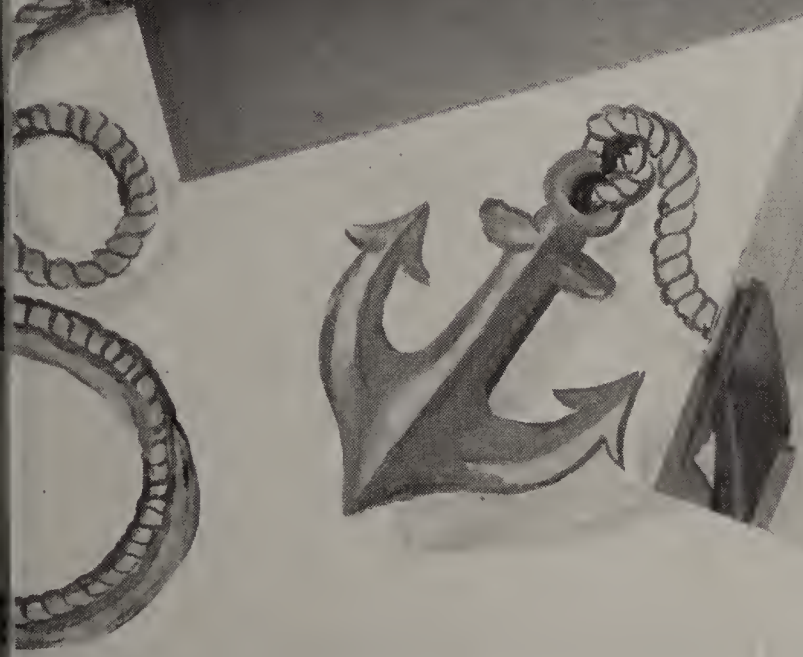
Our Hearts were Young

Play

Every year the seniors of C.C.H.S. enact the traditional senior class play. This year's production "Our Hearts Were Young and Gay," was a sparkling, three act

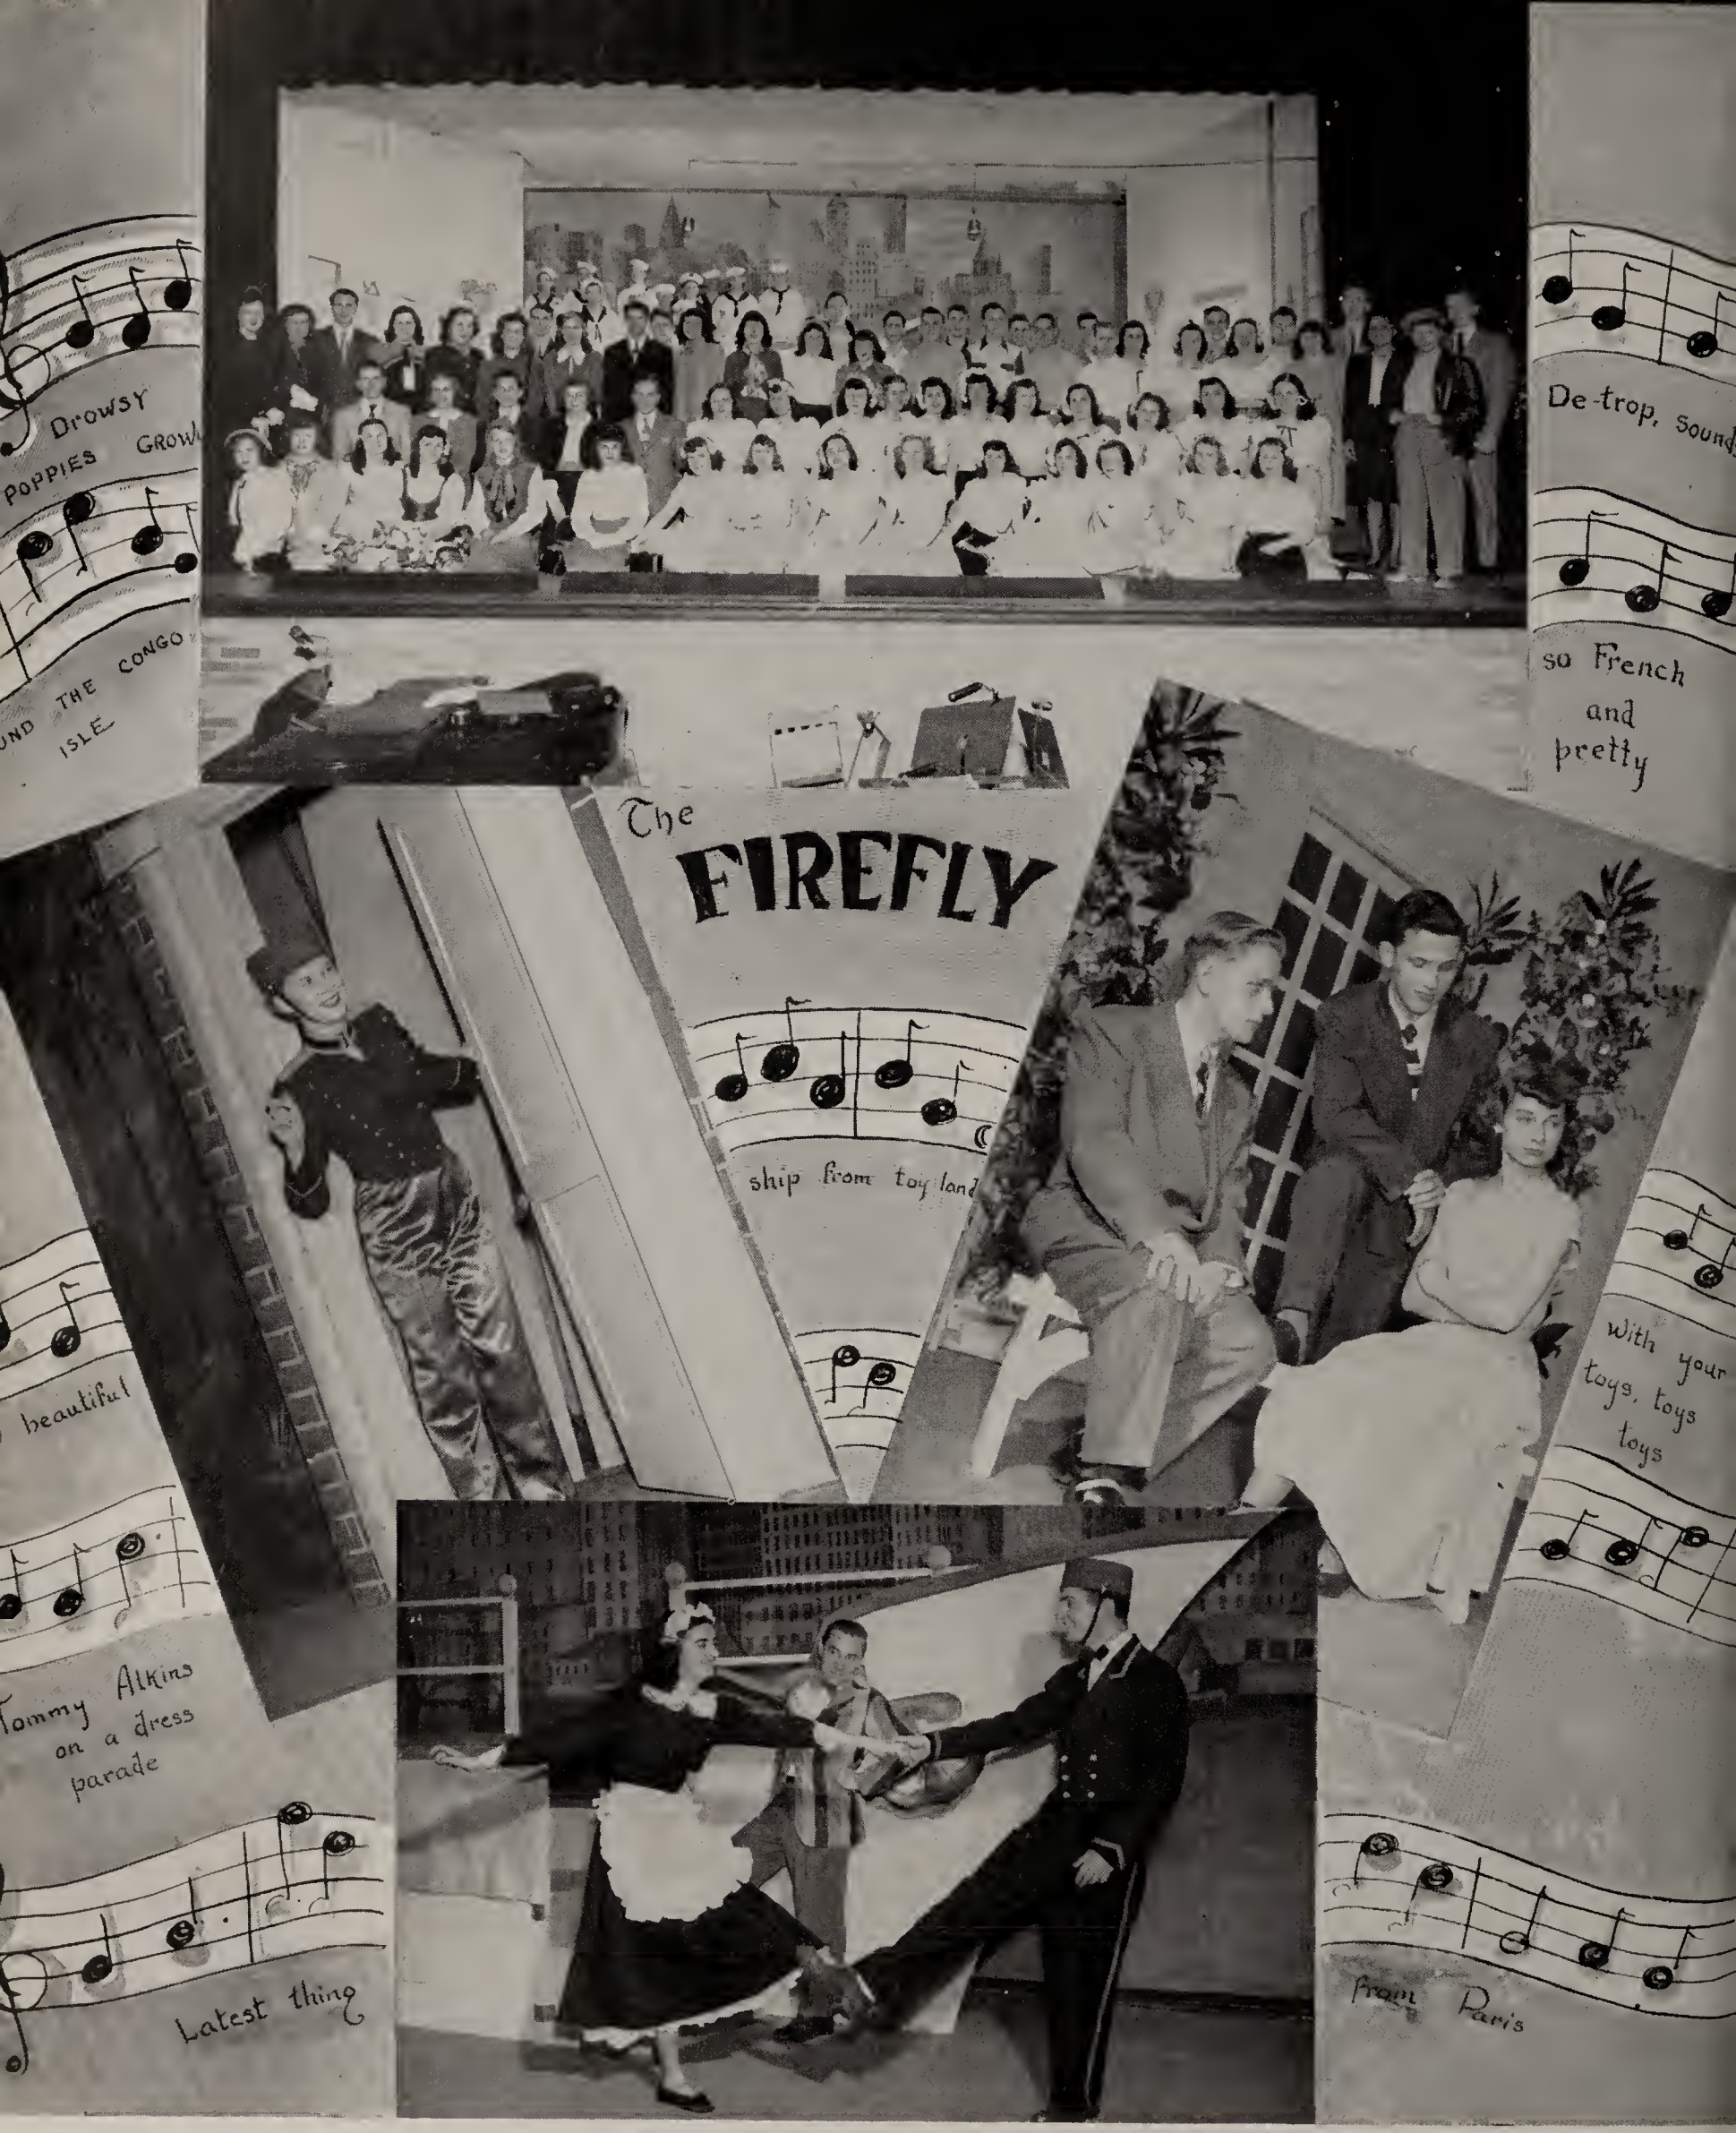
and gay



comedy, portraying the youthful experiences of Cornelia Otis Skinner and Emily Kimbraugh on a trip to France. The members of the cast filled the hearts of the audience with joy, laughter and gaiety during a four night's run on Central's stage.

CENTRIPETAL
CENTRIPETAL
1948

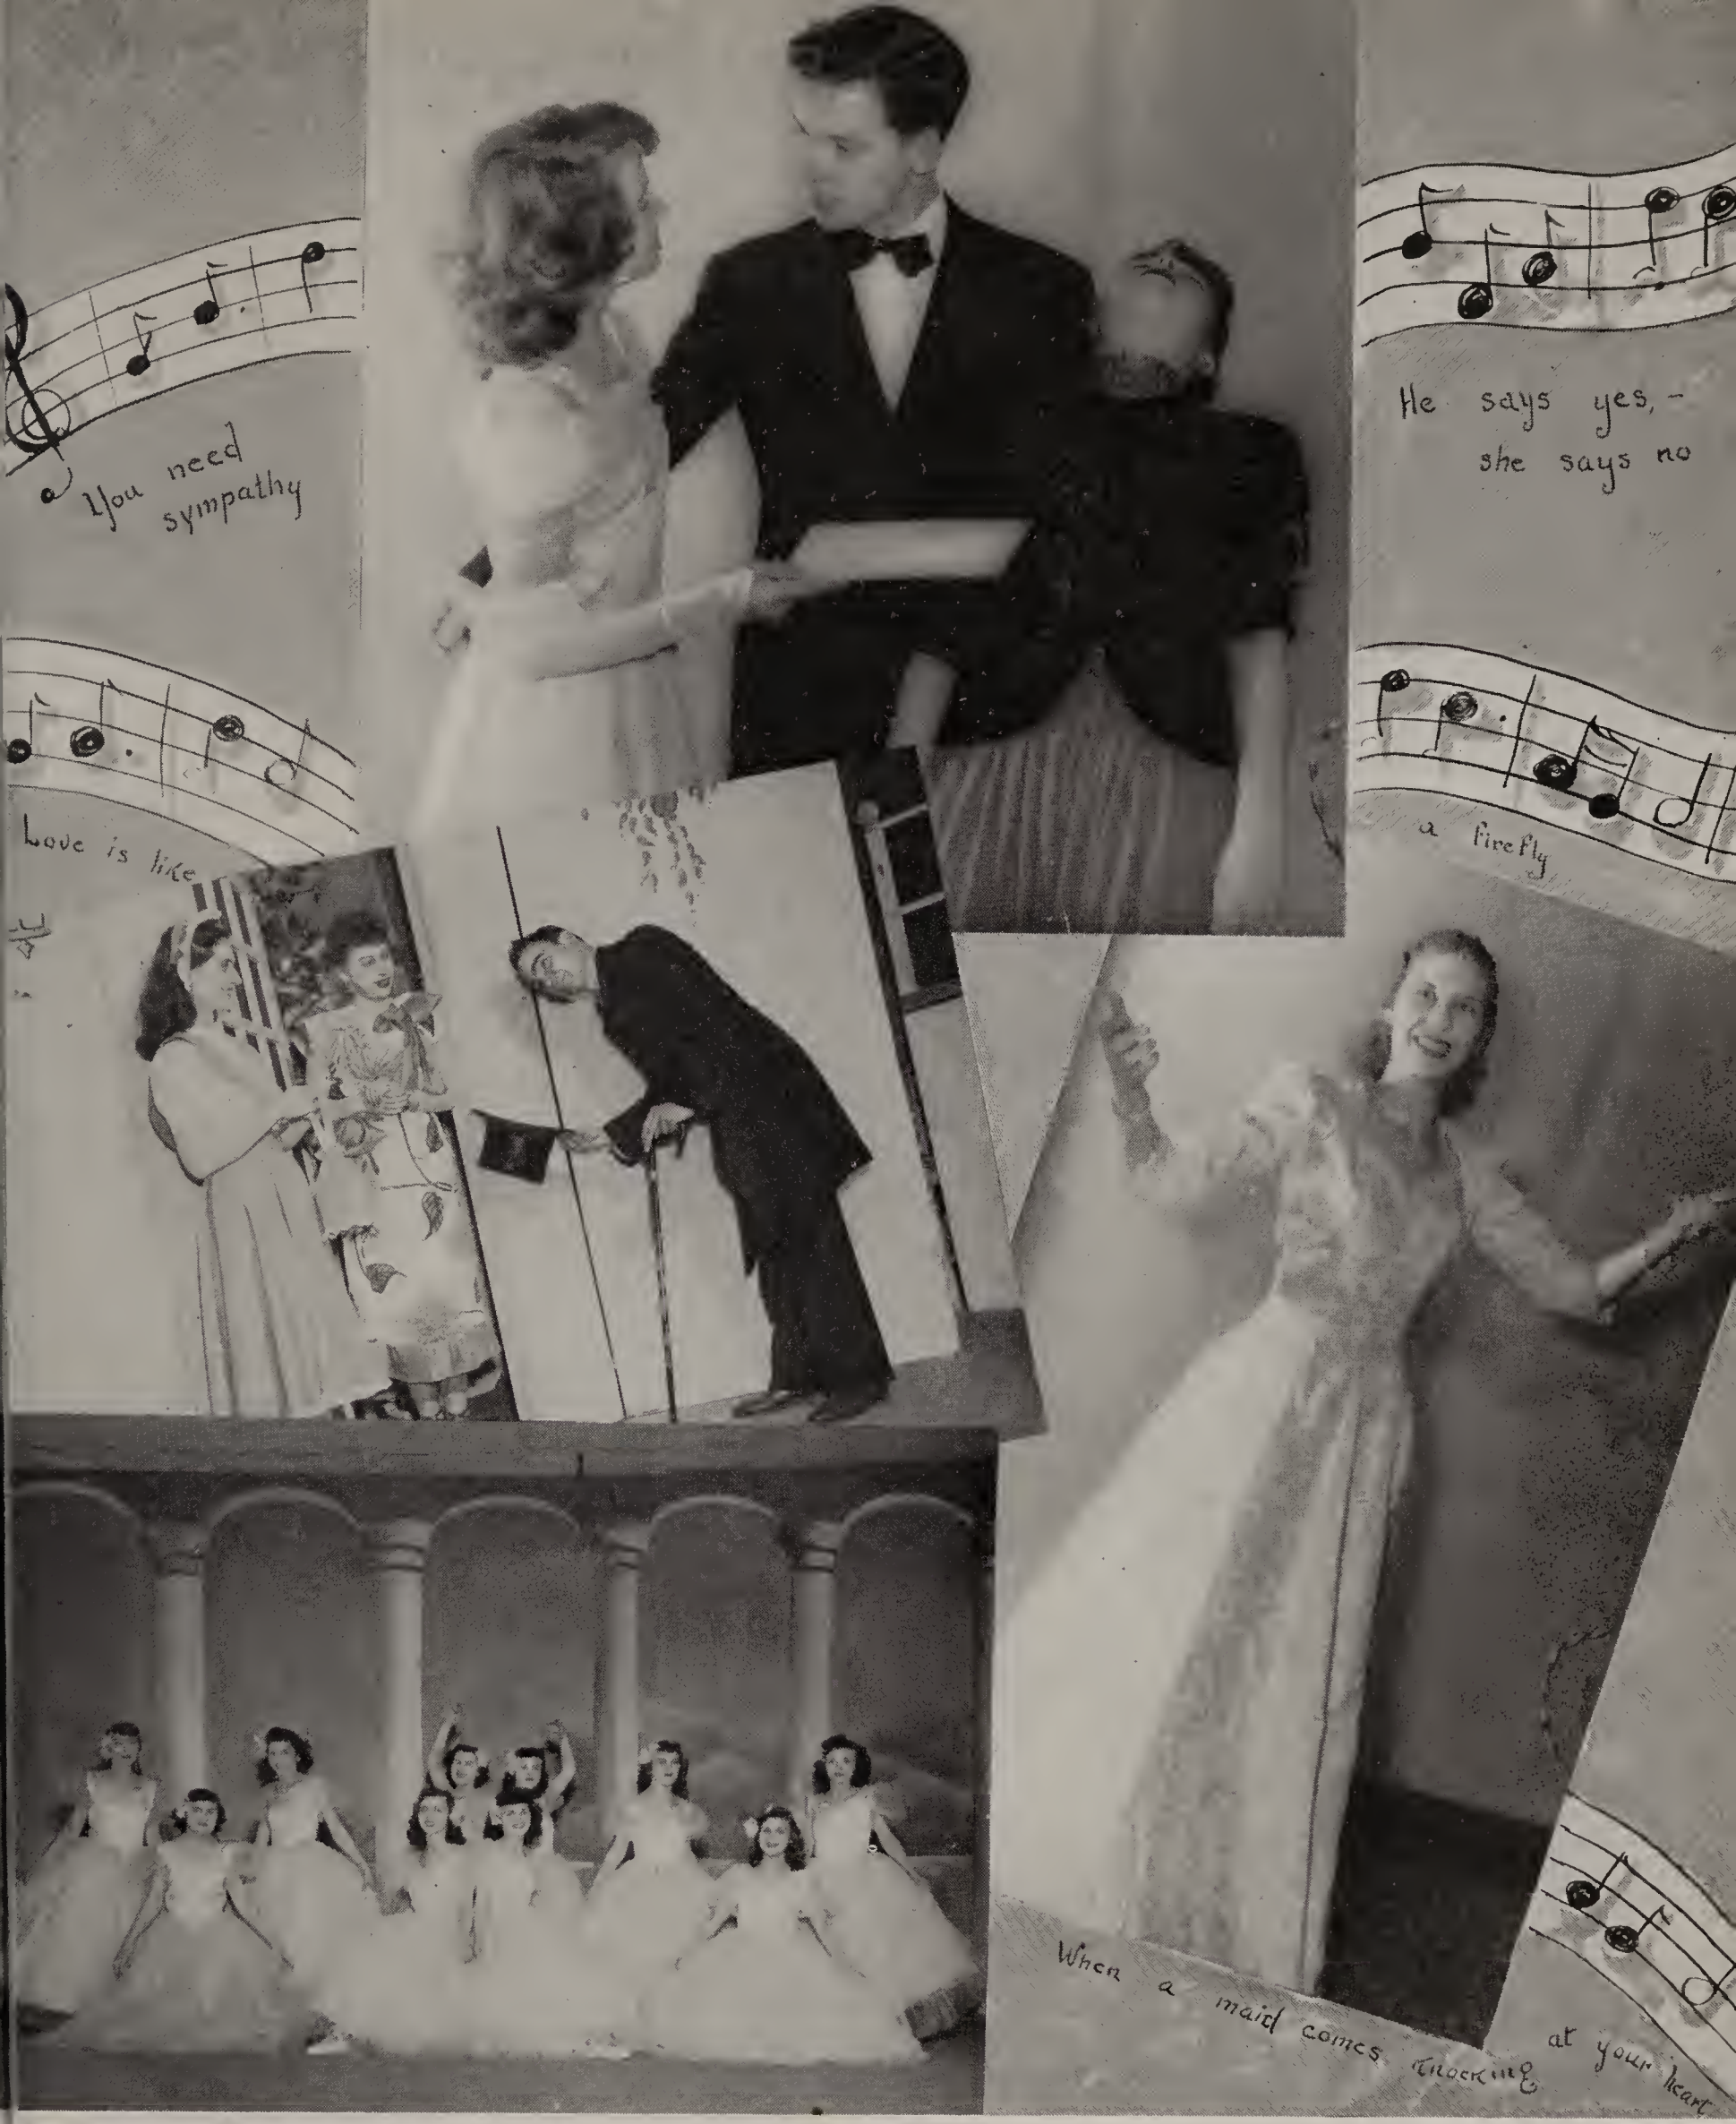
QUINK



Operetta

The cast of this year's annual operetta thrilled the 5,000 music lovers who witnessed either the matinee or one of the five nightly performances of "The Firefly".

As they traveled to Bermuda with the entertainers, suspense, amusement and



gaiety regaled them all the way.

This Friml and Hauerbach's comedy opera was an outstanding success through the combined efforts of the cast, the orchestra, their directors, the production staff, and the ticket sellers.

Camera Club

The Camera Club, whose object is to promote photography as a beneficial hobby, consists of students interested in this art. Weekly meetings and frequent visits with similar clubs in other schools further the enthusiasm of the members.

Annually the club has representatives among the winners in the contest sponsored by the National High School Photographic Association.

Al-Geo-Trig

The senior students of mathematics edit and publish the Al-Geo-Trig. Through this paper the students learn the interesting details which made mathematics important in the lives of men in each passing generation. Special emphasis is placed on current use of mathematics in the scientific world today but work taking place in the various math classes in the school is not omitted. That numbers can be fun is also proved in the humor column of this paper.

Library Club

The Library Club is composed of student members who assist the librarians in the work of supervision, book circulation, and keeping the library in order.

Besides these duties they check on attendance, pamphlet and magazine rack and assist wherever needed.

This club, known as the "Lit-O-Lites" was first organized in 1932.

Memories —

Sports

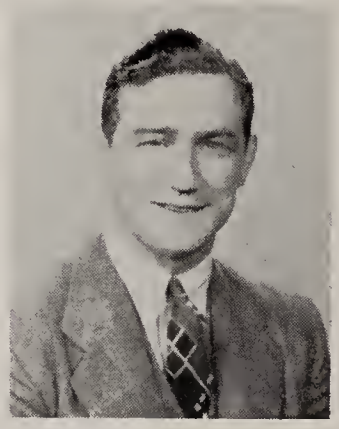
Thoughts of sports remind you of the cool night air that goes with gridiron games, the crowd, the cheer rallies, the sport assemblies, the sheers, the coaches, the athletes, the last minute spurt that gave the team the City Basketball Championship — tennis, golf, basketball, track, cross-country, bowling, the G.A.C. — all the activities that made Central — Central.

The Coaches

Although his big job is that of Central's Athletic Director, Mr. Patrick McCarty is known for his ability as a football coach.

His 1944 team, playing with odds against it, was the only one to "cross the river" and subdue the Waite Indians. This they did not only once but twice.

Mr. McCarty first came to Central as coach in 1943. He had previously been at Ursuline high school, Youngstown, Ohio.

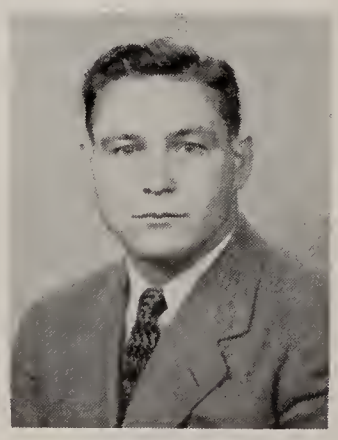


Mr. P. McCarty
(B.S. in P.E.)
Head Coach

His stay here was interrupted by Uncle Sam for whom he saw service. During his absence, after his release from the army, he served as football coach at St. Ambrose College, Davenport, Iowa.

In the spring of '47 he returned to again take over as football coach at his Alma Mater. Mr. McCarty has done a fine job as athletic director and much credit is due to him for his work as head football coach.

Mr. Walter Zach, as a senior at Central, was a member of the All-City football team in 1939. After furthering his education at the University of Dayton, he joined Uncle Sam's Army in 1943, where he served with the Office of Strategic Services. In 1946 Mr. Zach returned to C.C. H.S. as a faculty member and assumed the responsibilities of assistant coach and teacher of physiology.



Mr. W. Zach
(B.S.E.)
Lightweight Coach

This year he became coach of the lightweight football and basketball teams, director of the track team, and instructor of physiology and boys' art.

Any basketball coach whose team is City Champs and Regional Runners-up is plenty good. That is the record of Mr. Lawrence Bondy, Central's 1947-48 basketball mentor.

A graduate of Central, Coach Bondy returned to Central in '42 taking over the duties of coach of the lightweight and freshmen football teams and lightweight basketball team. The freshmen won City League Championship that year. In 1943-44 he became backfield coach for the varsity and coach of the lightweight cage quintet. That year the lightweights captured the City League Championship.

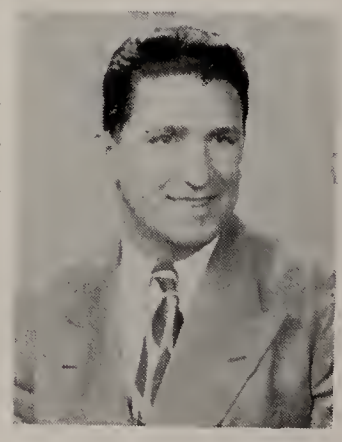
Mr. Lawrence Bondy
B.S.E.
Basketball Coach

The call to service in 1944 also claimed Mr. Bondy. After an absence of two years he returned to take over the tasks of head football coach, head basketball coach and Director of Athletics.

In the 1947-48 season Mr. Bondy shared the worries of the varsity with Mr. McCarty and assumed the role of head basketball coach.

After his graduation from C.C.H.S. in 1938, Paul O'Rourke attended the University of Dayton where he was active in athletics. He served in the Army from 1943 until 1946.

Upon return to civilian life he became coach of the lightweight and freshman football teams and teacher of national and social problems. This year he was coach of the freshman football team and instructor of commercial law. At the end of the football season, a banquet was given to honor his team, the freshman city champs.



Mr. P. O'Rourke
(B.A.)
Freshman Coach

ARTHUR PIETRYKOWSKI

The spirit Archie portrayed kept the team going the whole game. He cheerfully gave all he had, but especially when playing Waite.

JAMES SHEEHAN

Jim said little but did much. His hard work on the field made him known to those who came in contact with him.

RONALD SPILIS

Ron, who was shifted from tackle to fullback, took things in stride and was able to cope with the best of them.

JOSEPH THOMAS

Joe, a small bundle of fighting spirit, made himself felt, if not seen, on the gridiron.

Senior

JOSEPH WESTER

Joe, besides being an excellent place kicker, could be seen giving opponents a rough time at tackle.

STEPHEN WILHELM

Steve, who covered the field at all parts of the game, will be remembered for his flashy running and passing.

DUANE WISNIEWSKI

Duane, by his expert punting and plunging, pulled his team out of many tight spots.

ALBERT BALL

We'll all miss this speedy backfield man whose passing ability overshadowed his shifty running.

ROBERT BRAUN

Although handicapped by injuries, this big, rangy end could catch that pigskin when it looked impossible.

WILLIAM FLYNN

On defense, Bill really shined. He returned from service to help his school reach greater heights.

JAMES GASIOROWSKI

Gazzy was aggressive and had that will-to-win spirit. These features won him the "most valuable player" award.

Members

PHILLIP GROTE

That fighting spirit certainly was visible in Phil's style of play. We hope someone else can be found to fulfill his assignment as tackle.

JAMES HEINTSCHEL

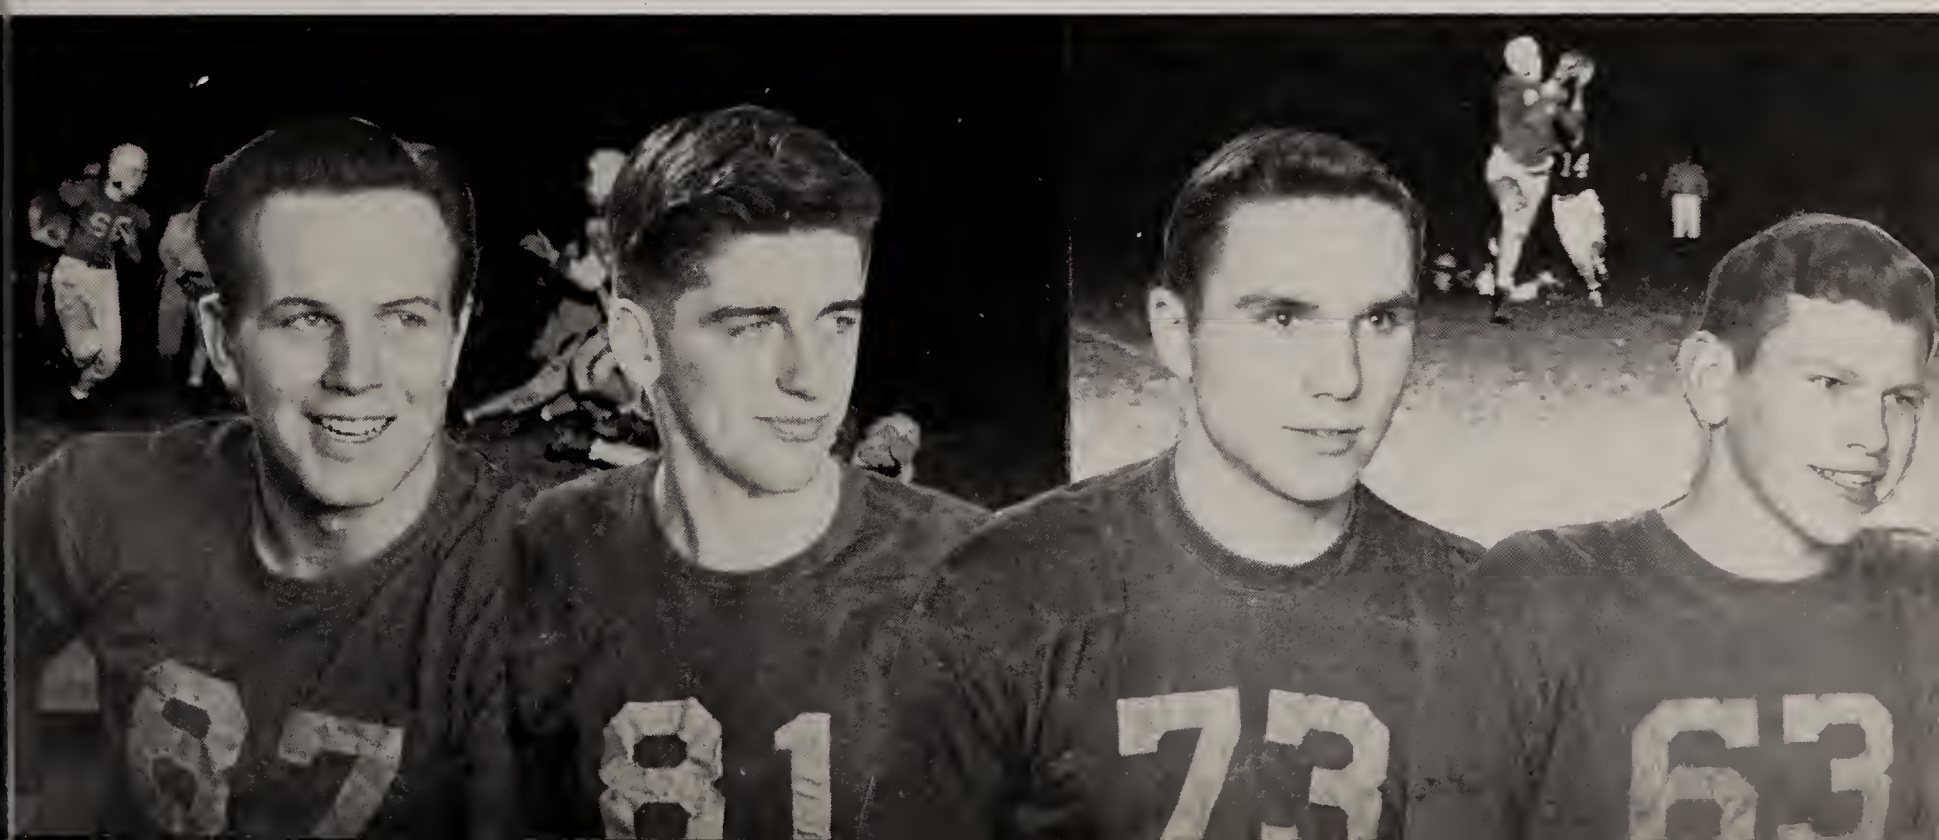
Jim lived up to all expectations, for he came through with a strong, powerful type of ball playing in the guard position.

THOMAS KUEBLER

In the position of pilot, Tom pulled his team out of some tight spots. A real athlete, he worked overtime for a good squad.

EUGENE OWCZARAK

Orsi fought hard consistently and his fine blocking helped to make the team click.



DONALD DARTT

Don could center the ball in a back's hip pocket if necessary. A great deal will be expected of him when football season approaches again.

WILLIAM GLEESPEN

Bill was considered one of the "more" rugged guards on the team this year. He will be "most" rugged in the city next year.

RICHARD GUST

Dick was one of the fastest and shiftiest backs on the team. He will be a constant threat to all opposition in the coming season.

RONALD KAMINSKI

A wiz at signal calling and even greater at blocking, Ron could knock any one out of the way.

Underclass

JULIUS SZAKOVITS

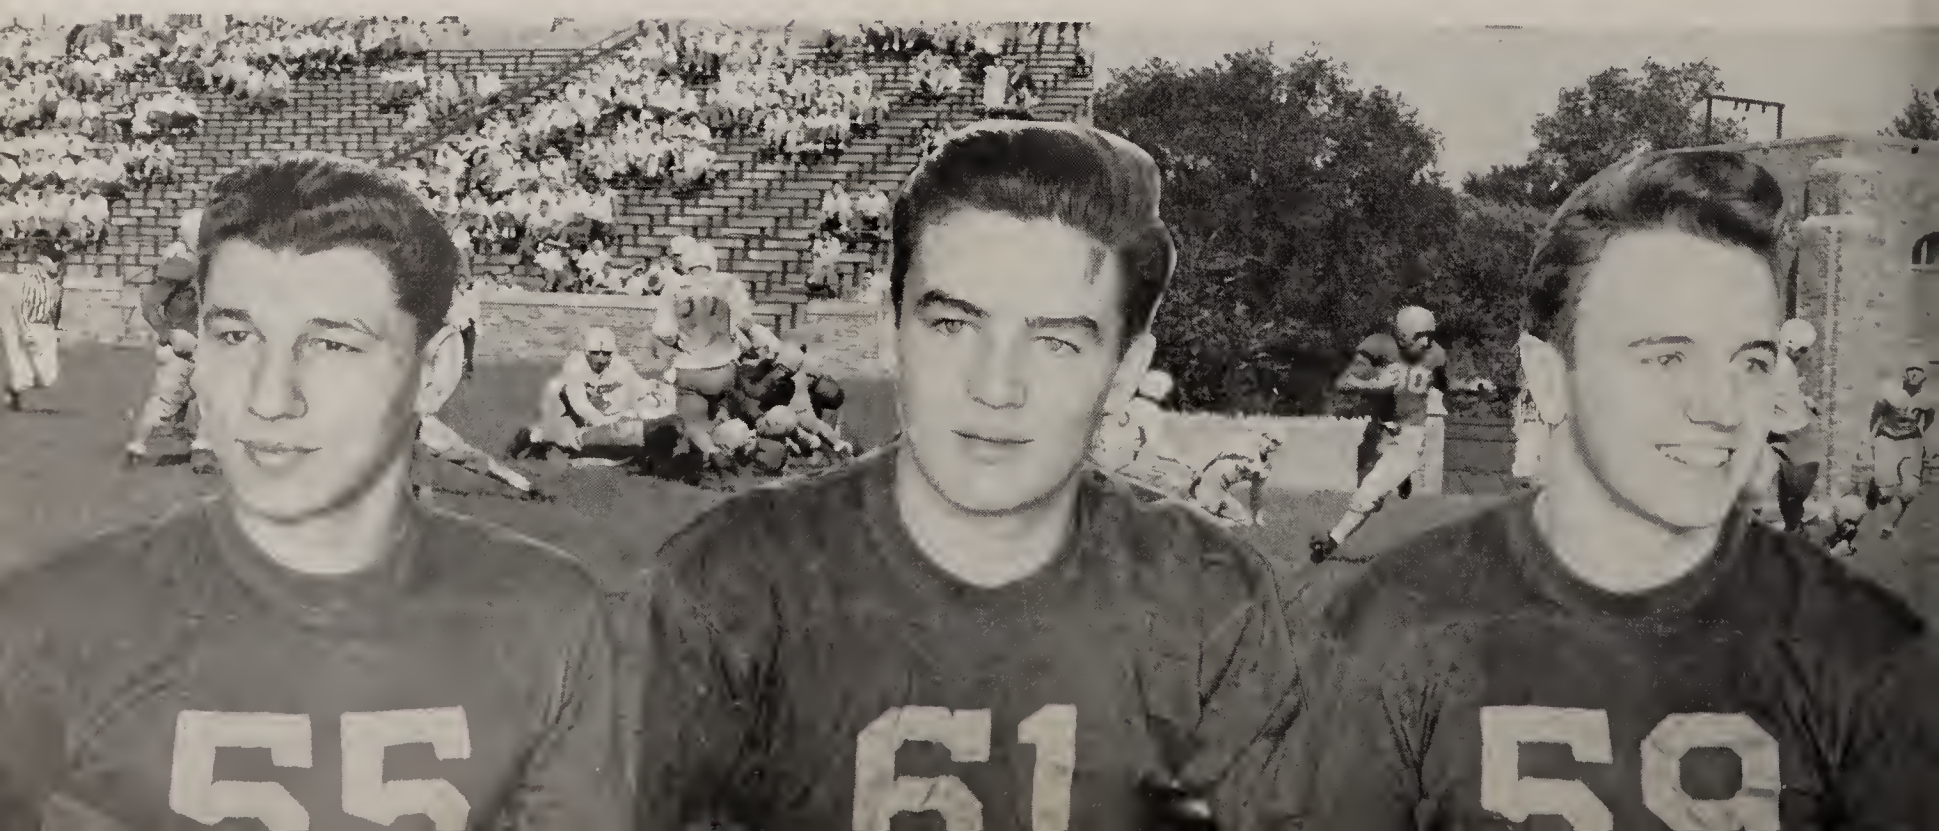
This big player was a determined and aggressive lad. He was ready to give his assistance whenever called on.

JOHN STOEPLER

This big junior guard will return next year with that spirit and drive of his which makes a Central football team.

LEE SUTER

Lee, a junior end, will return next fall to lend his aid. His spirit is the kind needed in a good ball club.



GERALD McCLOSKEY

Mac, our big rangy end, made the All-Northwestern Ohio eleven this year. He will return for his third year of varsity service.

THOMAS McHUGH

In his first year of varsity competition, Tom showed the Irish spirit in fullback position. He has two big years ahead.

JOHN RASTER

Coming to Central in his junior year, Johnnie proved his worth at the halfback spot. We expect a lot of him during his senior year.

ROBERT RECKER

Bob's small stature seemed to be an asset to him. His drive and shiftiness will provide punch at the halfback spot next season.

Members

JOSEPH KWIATOWSKI

Joe was a true fighter for the scarlet and gray. We'll look for that kind of playing from him in the future.

MICHAEL LANGEL

Although Mike is one of the smallest boys on the team, he is considered mighty. He runs like a rabbit and is hard to stop.

ELDRED MARCHAL

Al could snatch a pass when it seemed impossible. He will be an asset to the fighting Irish next year.

HUGH EHRSAM

Hugh's style of fast progressive play in true Irish spirit once more proved the old saying that "good things come in small packages."

EUGENE HICKEY

Gene combined deceptive ball handling and proficiency in the fast break to play one of the finest floor games witnessed on local hardwoods.

ELDRED MARCHAL

Besides being consistent in getting his share of the points in all the games, Tex aided the team by his very fine back-board playing.

Basketball

THOMAS KUEBLER

Playing his last year for Central, Tom's cool style of ball handling and accurate shooting earned him the praises of many fans.

WILLIAM LAWSON

Although Bill didn't participate in all the games, his presence was felt in the pinches when towering height was of great value.

DONALD DARTT

Although Don didn't see as much service as some of his teammates we could count on him to take the ball off the backboard.

GERALD McCLOSKEY

Mere words can't convey our praises of Jerry whose ability to score from all corners of the floor earned him a position on the all-city five as well as runner up in the individual scoring race.

RICHARD McCLOSKEY

Specs, although only a sophomore, quickly earned himself a position on the varsity squad, because of his height and ability to score.

THOMAS McHUGH

Another sophomore on this year's squad, Tom gained valuable experience which he'll put to use to bring Central championships for two more years.

Team

DONALD ROBERTS

After a slow start because of illness, Don came into his own and played a fine consistent game of ball.

ROBERT RECKER

Although Bobby was small his cleverness at ball stealing made him a constant threat to opposing teams.

JOHN RASTER

A newcomer at Central this year, Johnny quickly showed his true value in fighting spirit which won him a position on the squad.

Miss M. Paszek
(M.S.S.W.)
Gym

Nearly all the girls enjoy remembrances of the activities in which they participated during their years at Central. Among the various sports were basketball, volleyball, archery, baseball, and ping-pong. Under the direction of Miss Paszek and Miss Metzger the Girls' Athletic League has completed its nineteenth year with Marian Spies, President; Florence Perkins, Vice President; Ann Morgan, Secretary; and Joan Kluckey, Treasurer.

Sixteen teams bowled at the Auditorium Alleys every Thursday after school. This year for the first time swimming classes were offered at the Catholic Club for the gym classes.

●

958 Wall Street

GArfield 9561

LET'S MAKE IT A PARTY!

●

Whether it's a basket picnic, a trip to an athletic event, a sight-seeing tour, or a more formal occasion, when you charter a bus you permit everyone to enjoy the trip from the time you leave until you are all safely home.

Expensive? No, indeed. On the contrary you will find that compared with other forms of travel, chartered service is very reasonable.

For suggestions and quotations, call ADams 1241.

A GIRL CAN BE PROUD

. . . *when she earns her high school diploma*

And she should be proud when she takes her place as a wage-earner.

"Telephone Girl" is a proud title in business . . . whether it's operator, stenographer or clerk. The telephone girl does interesting, useful work which is important to everybody.

She can take pride in her paycheck which grows steadily, adding six raises the first 18 months. She can be proud of her business home and the friendly girls with whom she works. Thorough training gives her confidence and good performance earns her promotion.

YOU, too, can be pleased and proud with a telephone job.

A QUIZ FOR STUDENTS

Q. You have heard of Thermopane. Do you know what it is?

A. Thermopane is a factory-fabricated transparent glass unit composed of two or more panes of glass. The panes of glass are separated by dehydrated air spaces of either one-quarter inch or one-half inch.

Q. What are the advantages of Thermopane?

A. Thermopane provides year-around insulation against heat and cold. It eliminates need for storm sash . . . it reduces possibility of condensation . . . it saves fuel . . . it deadens outside noise.

Q. Where is Thermopane used?

A. Thermopane is used in all types of homes and other buildings. It is used in picture windows and window walls as well as in movable sash.
